

Springer Theses - Recognizing Outstanding Ph.D. Research

Top-ranked institutes from around the world invited to nominate their best Ph.D. Theses for a Springer Thesis Prize*

Criteria for Nomination

To qualify for nomination, the thesis must fulfil *all* of the following criteria:

- The work reported in the thesis must represent a significant scientific advance.
- It must be written in good English.
- Each thesis should include a foreword by the supervisor outlining the significance of its content.
- The thesis should have a clearly defined structure with an introduction accessible to scientists not expert in the field.
- If the thesis includes previously published material, permission to reproduce this must be gained from the respective copyright holder.
- The thesis must have been examined and passed during the 12 months prior to nomination.
